leading up to world war i for instance in switzerland an english officer once fell into a bears den and was torn in pieces in paris the outdoor seating at cafés was in unpleasant proximity to the gutters in germany and the rhine the denominations marked on coins did not necessarily indicate their value and in northern italy a traveler could look forward to a paradise of citron and myrtle palms and how many bags to pack he includes timeless advice such as board a boat on an empty stomach if you are prone to seasickness and always break in your boots before embarking on a trip anachronistic recommendations abound as well it is best to leave your servant at home carry your milk with you when traveling to small italian villages and not pay children and donkey women for flowers from convalescent hotels in the south of france to malaria ridden marshes between rome and naples and from the chaos of sicily and southern italy to the dazzling bullfights and rampant thieves of sunny spain sillitoe guides readers through the minutiae of the mediterranean with wit and historical insight then he takes an anecdote filled road east into greece egypt the holy lands turkey and russia of course the grand tour would not be complete without a thorough account of his home turf of england with her idiosyncratic hamlets smoke filled skies and working class townfolk in high buckled shoes at once a fascinating history of travel books from 1815 to 1914 and an entertaining ode to wanderlust leading the blind brings to life the absurd and profound wonders of victorian globetrotting with
